

SPECIAL SELECTBOARD MEETING JULY 2, 2021 AT 8:30AM

AGENDA – DISCUSSION OF RETAINING WALL - BID / DECISION

In Attendance. Pat Harvey, Frank Severy, Doon Hinderyckx, Cricket McKusker, Joan Allen

Meeting call to order

Cricket shared a spreadsheet of the three bids complete with breakdown by category. Discussion ensued that the FEMA reimbursement is not sufficient to cover any of the three bids received. FEMA will only allow payment for the wall replacement only, not for the sewer line repair portion of the project.

Joan searched for other sources of funding to bridge the gap between the lowest bid and the FEMA reimbursement. If none can be found, Joan will ask if the engineering costs already spent can be paid with the funding from FEMA funds now in hand. If not, the funding received may need to be returned to FEMA.

No decision was made,

Meeting adjourned 8:50am
